

## COVID-19 SAFETY PROTOCOLS

### Offices:

- When entering our premises:
  - Masks are required
  - A temperature screening is conducted
  - Hand sanitiser is provided
  - A form must be completed should contact tracing be necessary
- Measures have been taken to ensure social distancing
- Human contact has been reduced to the bare minimum
- Items such as tabletops, chairs and pens are regularly and meticulously cleaned
- Employees are required to do a daily temperature screening and complete a health questionnaire
- Employees have been taught the importance of good hygiene and instructed on various protocols including the use of face masks and social distancing

### Rental Vehicles:

- Vehicles are thoroughly cleaned and sterilised after each rental
- New, stricter protocols have been instituted when cleaning our vehicles and we are disinfecting all surfaces with particular attention paid to: steering wheel, key, key area, handbrake, seat, seat belt fittings, entire console area, door handles (inside and out)
- Our staff have been trained in our new safety and cleaning procedures
- Staff have been instructed to sanitise and wash their hands before and after the service of each vehicle  
Staff are provided with masks and gloves
- If needed, a vehicle may be quarantined and not rented to another client for a period of time
- Customers are required to inform Gecko Car Rental if they have tested positive for COVID-19 since renting a vehicle. A special set of procedures is then followed, including isolating the car for at least 60 hours and ensuring that the car is properly sanitised and safe to use.

The safety and well-being of Gecko Car Rental's customers and employees is our top priority. To this end and in accordance with the advice and directives of government and health authorities, Gecko Car Rental has worked diligently to put in place preventative measures and protocols which prevent the spread of COVID-19 at our facilities and ensure our rental vehicles are safe.
